B2. Group's Prospect

Prospects for the year 2023

As of 16 October 2023, Bank Negara Malaysia ("BNM") projects Malaysia's Gross Domestic Product (GDP) growth to range between 4% to 5% for 2024 versus 4% for 2023, driven by sustained domestic demand and a recovery in exports. BNM projects inflation to range between 2.1% to 3.6% (against 2.5% to 3.0% for 2023), and for the unemployment rate to improve further to 3.4%. Meanwhile, BNM maintained its overnight policy rate (OPR) at 3% on 2 November 2023, given the stable domestic inflation and growth outlook.

In the recent Budget 2024, the government announced that funding for the Housing Credit Guarantee Scheme will be increased to RM10 billion, benefiting 40,000 borrowers. To facilitate the redevelopment of the strata properties, the threshold for residents' consent to sales within a block will be lowered from 100% to a uniform level, following the model of international practices such as in Singapore. The Group is optimistic that the above-mentioned initiatives will increase affordable homes demand in Klang Valley.

In order to attract foreign tourists and investors to Malaysia, current conditions of the Malaysia My Second Home (MM2H) applications will be eased. This is another positive measure that will benefit Suite Canselor, the Group's first commercial-residential development with hotel component over the long run.

The Group's key contributors for the performance for remaining 2023 are Residensi Wilayah component and Suite Apartment component of Residensi Desa Timur which were launched in May and June 2023 respectively, with an estimated combined Gross Development Value (GDV) of approximately RM1.0 billion.

Moving forward, the Group will expand its business through the acquisition of landbank(s) and joint venture arrangement(s) for future projects in Klang Valley to meet the demand of the residential property market in Klang Valley. The Group is always striving to identify suitable land banks preferably with development consents to increase the Group's current land banking needs.

The Group is cautiously optimistic that the financial performance of the year 2023 to be satisfactory despite challenging economic situations.
